

EdChoice Participating Private (nonpublic) Schools

Below is the list of private schools that have registered to participate in the EdChoice Scholarship program for the 2008-2009 school year. ODE will continue to update this list as additional school registrations are received.

Eligible families that are interested in applying for an EdChoice Scholarship can immediately use this list to select a participating private school. Interested families should directly contact the school of their choice to apply for admission; students must first be admitted to a participating school prior to applying for an EdChoice Scholarship.

After a student has been accepted for admission in a participating private school, the school will help students apply for the EdChoice scholarships. The EdChoice Scholarship application is an online process and participating private school staff members have access to the system.
